Taiwan : Formerly called "Formosa" (Portuguese for "beautiful"), Taiwan was originally inhabited by mainland Chinese until the 17th century, before being occupied by the Dutch and Spanish for a while. It then fell under Chinese rule again for a couple of centuries, before being occupied by the Japanese from 1895 until the end of war world 2...

A fascinating mix of technological innovation and traditional Chinese and aboriginal cultures and cuisines, Taiwan is a place where ancient religious and cultural practices still thrive in an overwhelmingly modernist landscape. On any given day, the visitor can experience this unique juxtaposition of old and new, witnessing time-honoured cultural practices while still taking in technological milestones such as the world's tallest building, Taipei 101, and the new High Speed Rail that links the island's two largest cities.

Beyond the narrow corridor of factories and crowded cities along Taiwan's west coast is a tropical island of astounding beauty, with by far the tallest mountains in northeast Asia and some of the region's most pristine and secluded coastline. Add to this the impressive array of cuisines - with specialities from all corners of China as well as authentic aboriginal and Japanese fare - and you've got one of the world's most well-rounded and hospitable holiday destinations.

Day 01 On arrival/ Taoyuan/ can go to Taoyuan Shopping District(X)

Day 02 Taoyuan/ Morning Take Bullet Train/ Taipei/ Transfer MRT/ National Taiwan Democracy Memorial Hall/ Yehliu/ Chiufen/ Nan Fang Ao/ Nantien Temple/ Suhua Highway National Road/ Hualien/ Aimei Aboriginal Cultural Village(B/D)
